

BUILDING RELATIONSHIPS TO LAST A LIFETIME

ABOUT US

PPE—Pioneer Projects Executes Co. was established on 2013 as a general contracting company, specialized in design, construction, and fit-outs. PPE has enjoyed a remarkable steady growth for the past years due mainly to the support of its clients, the company's technical expertise and capabilities, the distinguished quality products and client service, the vision of the management, and the drive of the human resources team.

We can assist in every step of the project, from planning tailored solutions to manufacturing unique finishing and furnishings to meet the international quality standards.

The company was established with a vision of its own “If you believe in it, work for it”.
